INTRODUCTION

Experienced Chemical Technician with a strong background in laboratory techniques and processes in the pharmaceutical industry, with a focus on precision in a regulated environment.

I am passionate about transitioning to web development, having honed my skills through self-study via online courses, LeetCode, workshops, and hands-on projects. My technical background and problem-solving abilities make me a suitable candidate for a junior web development role.

I bring a strong work ethic and excellent communication skills to the table, making me a valuable addition to any organization. I am confident in my ability to make a positive impact and am eager to contribute to the team and projects I work on.

EXPERIENCE

Operator at HPAPI/PP (High Potency Active Pharmaceutical Ingredient / Pilot Plant) at **MAPRIMED S.A.** - August 2011 to date

I am responsible for managing the successful completion of production activities, conducting validations for new products and performing comprehensive quality tests. My core resposibilities are:

- **Understanding the physical and chemical principles** that govern Maprimed's production processes so as to be competent in the operations executed
- **Ensuring safe, hygienic, and quality conditions** for personnel, products, assets, and the environment, in compliance with certifying entities
- **Quickly identify and correct erroneous processes or behaviors**, notifying supervisors of preventive and corrective maintenance problems with equipment and facilities
- **Ensuring the operational optimization and continuity of the plant**, minimizing costs and interruptions in operations

TECHNICAL STRENGTHS

- **Frameworks:** NextJS, ReactJS, ExpressJS, NodeJS
- **Languages:** JS, HTML5, CSS/SASS, SQL
- **Backend Development:** RESTful APIs, NestJs, Authentication and Authorization (JWT, OAuth), Middleware, Testing, WebSockets
- **Design:** Bootstrap, Bulma, Tailwind, Material UI, LaTeX
- **Operative Systems:** Windows, Linux
- **Databases:** MySQL, MongoDB
- **Source Control:** GIT

FORMAL EDUCATION

- **Chemical Technician**
  Norberto Piñero Technical School

- **BackEnd Developer Training**
  Coderhouse

LANGUAGES

- **Spanish** - Native language
- **English** - Intermediate proficiency
- **Russian** - Basic proficiency
